

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WANTED BETTER PRICE

Canvas-Grown Tobacco Sold For Eleven Cents a Pound

Ed Downing of Lexington has just sold the first crop of White Barley tobacco ever raised in that section under canvas.

He realized eleven cents per pound for about 4,000 pounds, which was a little more than half the price he expected.

The experiment, however, proved to be a success, as the quantity was about three times the amount usually raised in the open.

Downing will raise a large crop of the White Barley under canvas this year.

YOUTHFUL INCENDIARY

After Firing a House Five Times She Was Finally Caught

Anna Alexander, a fifteen-year-old colored girl, came to this city from Cynthia about three months ago and found a home with Martha Clay, colored, in Catholic alley.

The girl was inclined to be wayward and wanted to gad the streets after nightfall. For disobedience the Clay woman had inflicted corporal punishment on several occasions, which evidently bred hatred and revenge in the breast of the girl.

During the past week the Clay house was set afire five times, and in each instance was discovered by the girl who gave the alarm in time to prevent destruction of the house.

The incendiaries became so numerous and in such a mysterious way that the occupants feared for their lives.

Finally ex-policeman Robert Thompson was employed to ferret out and solve the matter. He remained on watch several days and on Friday evening last about 5 o'clock he bagged his game.

On that evening he was secreted where he had full view of the premises and when the fire occurred he rushed in and put it out. This time a lighted match had been touched to a gauze curtain and a skirt hanging over a window, the blaze from which almost filled the small room. As soon as Mr. Thompson entered the girl ran out the door and gave the alarm as on former occasions. Being tasked with the crime she protested her innocence. Thompson being convinced of her guilt, and merely as a ruse, told her he would send for the bloodhounds, when she collapsed and confessed that she was the guilty one, and did it because she had been whipped by the Clay woman, and that neighbors had suggested this way of getting even for the punishment. The injured parties not wishing to prosecute, the girl was sent to relatives in Fleming county.

Had a fire got a good headway in that neighborhood there is no telling where it would have stopped nor the money loss sustained.

Mr. Thompson while on the force was one of our best policemen. He has courage, physical strength, quick to think in an emergency and a cool head—requisites for a perfect officer.

Not less than 5,000 people read THE LEDGER 312 days in the year. This makes a total of 1,560,000 readers in a year.

Do you want your name and business repeated that often within the next twelve months?

Appreciated.

MR. GEORGE H. TRAXEL:
 In behalf of my wife and myself I desire to thank you for having invented a device that will prevent range explosions. We believe were it not for your Safety Device that our range would have been blown up and our lives endangered. Shortly after the fire was started in the range steam and water began blowing out of the Safety Appliance, indicating that pipes were frozen and water could not circulate in the pipes, consequently steam and pressure were accumulating only to be relieved as fast as it could accumulate by the Safety Appliance.

Why Not Begin the New Year BY BUYING SHOES AT Dan Cohen's Great Western Shoe Store?

When you feel your feet so comfortably clad, and realize how heavy your purse still is, you will feel new "swap" and "go," heart lighter, head clearer and in your heart only pity for the "other fellow," who is still shambling around in his old shoes, with his head down and his courage at an ebb—proportionately low. Do your best to make it so, and let us help you, and the New Year Will Be Happy.

Yours for 1904,

W. H. MEANS, MANAGER DAN COHEN'S GREAT WESTERN SHOE STORE!
